### Report 10,000 Slain In China as Bandits and Soldiers Clash

Farmers Used as a Shield By the Bandits in Attack

#### GUNS DESTROYED

Soldiers Protected Against Attack By Machine Guns Is Report

NANKING, China.—(AP)—Advices from Nanchang, capital of bandit-infested Kiangsi Province, Wednesday said 10,000 persons were slaughtered near Kianfu in a clash in which outlaws, farmers and soldiers figured. The soldiers were so well protected by their machine guns that the bandits rounded up 10,000 non-combatant farmers and used them as a shield against the soldiers, then the outlaws charged, annihilating the troops when the latter guns were put out of commission.

### \$25,000 Reward in Lingle Case Paid

Chicago Tribune Sends Check to Detective Who Caused Arrest

CHICAGO.—On the first anniversary of the murder of Alfred Lingle, the Chicago Tribune Tuesday paid in full the \$25,000 reward which was posted by the paper within an hour after that sensational crime was committed.

A check for \$25,000 was presented to John Hagan, the undercover man who discovered the identity of the murderer of Lingle.

Hagan was assigned by Pat Roche, chief investigator for State's Attorney John A. Swanson, and Charles F. Rathbun, assistant state's attorney, to mingle with the gangs of Chicago, to hobnob with the gangsters, in the hope that he might learn why and by whom Lingle had been killed. After spending 2½ months living and going about the country with notorious members of Chicago's gang world, Hagan learned the secret of the killing and, acting upon the information given by Hagan, Roche and his staff succeeded in the capture of Leo V. Brothers, a St. Louis gangster, who, fleeing the consequences of another crime in St. Louis, had joined the ranks of the Chicago hoodlums.

Brothers was identified as the murderer of Lingle, he was placed on trial before a jury in Judge Joseph Sabath's court and convicted.

At the outset of the investigation it was announced by State's Attorney Swanson that all of the officials and investigators participating in the inquiry, including Roche, Attorney Rathbun, police officials, Coroner Bundesen and himself had agreed among themselves that they would not share in the reward money.

The reward was offered for "information leading to the arrest and conviction of the slayer of Lingle," and John Hagan obtained such information upon which Brothers was arrested and convicted, and thus Hagan became eligible for the reward.

In carrying out his assignment Hagan braved many perils and dangers, while he lived with the gangsters and learned their secrets, he stood in danger of being exposed.

### Sandino Battles For a "Softened" Communism

The Nicaraguan Insurgent Says Russian Brand Too Violent

TEGUCIGALPA, Honduras.—(AP)—A "softened" communism is the aim of Gen. Augusto Sandino, says Ramiro Molla Sanz, a Spanish explorer who has returned here after a three weeks' stay at the mountain headquarters of the Nicaraguan insurgent.

Molla Sanz fell into the hands of a Sandinista band while he was making his way through Nicaragua on foot as part of a walking journey from New York to Buenos Aires.

Escorted to the headquarters of the commander, he was received as a guest and given opportunity to learn much of the methods and objects of the Sandino campaign.

"The Russian brand of communism is not to my taste," Sandino told him. "It is much too agitated. I want a quiet Spanish communism, softened and made orderly."

Spanish World Communism

In the Molla Sanz travel book Sandino wrote sentiments which hailed the explorer as a brother and kindred spirit and added:

"Spain and Spanish America will yet communicate the world with his personal seal, the design showing a Sandinista holding an American by the hair and cutting off his captive's head."

In the territory under his control Sandino is practicing the softened communism which he preaches to the mountain folk. The land belongs to the native, and every man must help his fellows.

### U.S. Claim on Farm Loans Held as Valid

Attempted Garnishment For Old Debts Ruled Out By Justices

WASHINGTON.—(AP)—The justice department has upheld the contention of the agriculture department that loans made to farmers under the drought relief legislation are subject to a prior lien by the government and cannot be garnished by creditors of farmers in payment of old debts.

Federal attorneys throughout the area where the money has been loaned have been instructed by Attorney General Mitchell to prosecute such cases whenever they arise.

The first report of an action of this kind reached the department Texarkana, Ark., where the judge of a state court held the claim of the government was valid.

The agriculture department sought the action after receiving reports that in some instances this money had been attached by creditors as soon as it was placed to the credit of the farmer.

The government contended the loans were charged with an equitable claim on behalf of the government since it was intended to be applied to the purchase of seeds and other incidentals to planting, with the government holding a lien upon the harvested crop.

### Farm Taxes Show Decline For 1930

Report Shows Lowest Tax Per Acre For Past 17 Years

WASHINGTON.—(AP)—For the first time in the 17 years of record, average taxes per acre on farm real estate declined slightly in 1930 as compared with the previous year, said a report today from the Bureau of Agricultural Economics, United States Department of Agriculture.

The bureau's report added, however, that because prices of farm products and values of farm real estate have declined more than taxes in the past year, farm real estate taxes are relatively higher than they were a year ago. Average taxes in 1930 were materially more than \$1.50 on \$100 of full valuation, the report said.

The net decrease for the United States averaged one point in the index or approximately 40 cents per \$100 of tax. The index figure was placed at 249 for 1930, compared with 250 in 1929. The year 1913 is used as a base of 100.

Tax changes for 1930 ranged from an average decline of 12 points in the East North Central States to an increase of 7 points in the New England States.

Molla Sanz said that the Sandino forces numbered 4,000 and were well equipped with rifles, machine guns, some bomb throwers, a few small cannons and three anti-aircraft guns.

They have plenty of river craft and maintain a line of communications from the headquarters in the Segovia mountains to the mouth of the Coco river on the Atlantic.

It was by this route that the visitor was escorted back to civilization. The party went overland to Bocay, then drove down the Bocay and Coco rivers to Cabo Gracias a Dios.

Short On Salt

Salt is the great lack of the Sandino commissary. The roads on towns generally yield other food supplies, but salt has been so scarce that several fights have taken place just with the object of getting some.

Sandino himself was described as in good health. He denied that he had ever been wounded in the leg, as had been reported. In fact, Molla Sanz said, the general seldom leads his men into battle, leaving that task to the subcommanders in charge of his various columns.

Sandino related that he had planned a big attack upon Managua, capital of Nicaragua, but gave up the scheme when the earthquake laid the city in ruins. Instead he turned his attention to the east coast, raiding Puerto Cabezas and Cabo Gracias a Dios in April.

Sandino said he would keep the fight even after the American marines are out of his country. He will seek to overthrow President Mena and establish a national government based upon his modified communism.

### Convicted Slayer Sentenced To Die

Dave Goodwin, Texas Farmer, to Go to Chair August 10th

TEXARKANA.—Dave Goodwin, Bowie county farmer, was sentenced Tuesday in District Court at Boston to die in the electric chair August 10 for the murder of Lloyd Elliott, a neighbor farmer, in March, 1930.

Goodwin has been in jail at Dallas several months. He was brought from Dallas and the court immediately passed sentence. He will be taken to the Texas penitentiary within a day or two and held there pending execution. Sheriff Brooks said.

Goodwin was charged with killing Elliott and then throwing the body into Sulphur river. His younger brother, Bud Goodwin, is serving a 20-year sentence for complicity in the killing.

Dave Goodwin took an appeal, but the Texas court of criminal appeals affirmed the judgment. Recently Goodwin's lawyers asked the Supreme Court to grant a rehearing, but their petition was denied. A pardon or commutation by Governor Sterling is said now to be the only hope of the prisoner's family and friends.

Goodwin, following his sentence, indicated he has given up hope and expects to die on the date named by the court. "But they have given me a mighty raw deal all the way through," he said. "It looks like there is no justice in humanity." Goodwin has a wife and several small children who live on their little farm in the western part of the county.

### Baby Alarm System Is Growing Over Chicago

CHICAGO.—(AP)—The baby alarm system seems to be growing.

Louis M. Strauss, president of an electric company, reported Tuesday there were at least a dozen sound amplifying systems in use by Chicago fathers and mothers to enable them to go out to play bridge or shop and keep tab on what the baby is doing at home at the same time.

One couple, he said, had a microphone and loudspeaker device connected up with the home of a woman neighbor so arranged she can hear the baby whenever the child cries. Each time she hears the child cry she goes to see what is the matter, and is understood by Strauss to be paid on a "per cry" basis.

### Patmos-Spring Hill to Get New County Highways

Judge Higgason Building Gravel Links to Lewisville State Road

#### WIDENING OLD ROAD.

Grading Crews Working East-West From Highway South of Hope

Hempstead county grading crews are at work near Patmos and Spring Hill building a modern-type county road to connect with the Lewisville state highway.

These two laterals, each about four miles long, will tie in both communities to the state highway by the shortest route. The road crews under direction of County Judge Luther F. Higgason have completed a large portion of the excavating and grading, and it is understood that both roads are to be graveled, giving a continuous gravel surface all the way from Hope into Patmos and Spring Hill.

The Spring Hill lateral intersects the Lewisville highway about eight miles south of this city, and the Patmos lateral, about 12 miles south.

The county program launched by Judge Higgason is also the plan recommended by the State Highway Department and the federal government, to connect county communities with the state road system by a series of short side-roads, making every settlement in the county as easy to reach as the central community of Hope.

Judge Higgason is cutting down the hilly portion of the Patmos road, and constructing embankments through the branch bottoms.

The road crews have effected some striking changes in the Spring Hill lateral, where a narrow, crooked road, has been widened, with easy, sweeping curves.

### Merchant Kills Invader of Store

E. M. Vaughan Shoots Youth Advancing Toward Him With Gun

M'GEHEE—John ("Jiggs") Smith, 22, of Watson, was shot to death at 2 Tuesday afternoon by E. M. Vaughan, head of the Vaughn Mercantile Company at Watson. The shooting occurred in Mr. Vaughan's store.

It was reported that Smith, in an intoxicated condition, entered the Rice hotel at Watson and started upstairs. W. F. Rice, owner of the hotel, asked him not to go upstairs, but Smith persisted. A fight started when Rice attempted to put Smith out of the hotel. The two were separated by several bystanders, including Vaughan.

Evidently angry with Vaughan for interfering, Smith went to his home and got a shotgun, then went to the Vaughn store. As he advanced toward the rear of the store where Vaughan was sitting the latter picked up a rifle and fired once, the bullet striking Smith between the eyes. He died instantly.

No action was brought against Vaughan, officers holding that the shooting was a case of justifiable homicide.

EUREKA SPRINGS.—Tom Marriot, farmer living a few miles from here, was critically burned by lightning Tuesday morning. He was brought to a hospital here. His recovery is in doubt.

A nearby barn was destroyed and a horse upon which F. O. McCall was riding was killed. Lightning did not harm McCall but he was injured when the horse fell on him.

Marriot and McCall were talking, when a bolt struck the barn, igniting it. Jumping from the barn, struck Marriot and the horse, killing the animal instantly. Marriot was knocked 15 and all clothing torn from him with the exception of one shoe and a portion of his shirt. His body was badly burned and physicians believe he is burned internally.

### Norwood Ignores Remission of Fine

Gravel Co. Pays Court Penalty on Charges of Contempt

LITTLE ROCK.—(AP)—Attorney General Hal L. Norwood was notified Tuesday by R. T. Boulware, Stamps attorney, to whom the attorney general sent a letter Saturday advising him to ignore the attempt of Acting Governor Lawrence E. Wilson to remit a \$50 fine imposed upon the Merriweather Sand and Gravel company, of Lewisville for contempt of court, that the company had paid the fine and costs.

The company announced through its attorney, Senator Ned Stewart of Lewisville that there will be no further violations of the restraining order, granted by Chancellor J. Y. Stevens several months ago to prevent pollution of Bodaw creek.

The acting governor's proclamation attempting to relieve the company of the fine, assessed after the chancellor had taken testimony as to violation of an injunction which had been sustained by the state supreme court, was characterized by Norwood as an unauthorized effort of the executive department to take over the functions of the judiciary.

### Recover Last of 3 Drowned Children

Texas Home Is Flooded by Rising Waters of Kemp Creek

TURKEY, Texas.—(AP)—The body of Kelsay Fuston, 13, third of the children of Mr. and Mrs. Ray Fuston, drowned Monday night when a cloud-burst caused waters of Kemp Creek to flood their home five miles east of Turkey, was recovered last Tuesday in a mud bank two miles from his home.

The bodies of one boy, Reon, 9, and a girl, Cleone, 11, were recovered early Tuesday, that of Reon in a drift 200 yards from the home and Cleone's body in a barbed wire fence at a bridge, two and half miles downstream.

As related by the mother, she and the three children heard the roar of the head rise coming down stream, after a nine inch rain, but were caught in the swirl of rushing water as they emerged from the house.

She clung to a tree and attempted to rescue the children but they were swept out of her grasp. Early Tuesday, when the flood receded, she was rescued by neighbors. The Fuston house was shifted seven feet.

Across the stream, the home of Vesta George, farmer, was carried away by the force of the flood but the family escaped to higher ground.

The same storm caused a wash-out half a mile long on the Fort Worth and Denver railway's south plains line, 10 miles west of Quitaque, and a smaller wash-out between Quitaque and Turkey. Both were repaired Tuesday, however, and trains resumed schedules.

## "Easiest Way" at Saenger Thursday

Constance Bennett Is Star in This Great Screen Production

One of the greatest classics of the American stage "The Easiest Way" has been made into a talking picture which Metro-Goldwyn-Mayer will present Thursday at the Malco Saenger theatre.

The screen version will present that popular young blonde star Constance Bennett in the central role. Constance Bennett hardly needs an introduction to the thousands who have come to love her for her marvelous work in such films as "Three Faces East," "Sin Takes a Holiday" and "Common Clay." This charming daughter of the stage star Richard Bennett has become one of the really great of the cinema.

"The Easiest Way" is considered one of the finest discussions of women's emotional problems the world has ever known. It revolves around the question, should a man forgive a woman her mistakes?

In the cast other than Miss Bennett are Anita Page, Robert Montgomery, Adolph Menjou and Marjorie Rambeau. Other features of this enjoyable program are a Stal Laurel and Oliver Hardy comedy "Chickens Come Home" which is a highly hilarious three reel-er. You will like it.

## 9th Victory For George Earnshaw

**Athletics and Washington Win, Also the Cards and Giants**

George Earnshaw won his ninth game of the season Tuesday, holding the Detroit Tigers to six hits while the Athletics were sewing up a 12-3 victory. Earnshaw, in addition to his fine performance on the mound, had nearly a perfect day at bat, knocking out four hits in five times at bat, including a home run.

Manager Bucky Harris played his first full game for Detroit, and the first complete contest he has figured in since quitting Washington as player-manager in 1928.

Washington kept pace with the A's tremendous stride by again wallowing the Chicago White Sox, 9 to 3. The Senators have clung to second place, five games behind first, all through Philadelphia's record-breaking drive in the month of May. The American race seems to be a walk-away for either Philadelphia or Washington, and the world champions have been able to maintain a commanding lead over the Senators in a heart-breaking struggle.

The Giants went back into a clear title for second place in the National League Tuesday by routing the Chicago Cubs, 10 to 2. The St. Louis Cardinals maintained their first place margin by winning 8-5 over Brooklyn, capturing the series with the Dodgers, three games out of four.

Cincinnati defeated Boston 7-2, and the Phillies beat Pittsburgh 7-3.

Before That, Missouri Lady Felt Faint, Nerves On Edge, Hot Flashes.

An instance of how Cardui helps women to health is given below by Mrs. Hettie Murphy, 504 North "C" Street, Poplar Bluff, Mo.

"I first took Cardui twenty years ago," writes Mrs. Murphy. "It helped then, so I have taken it several times since. My health always improves after taking Cardui."

"During a critical time in my life I took it for several months. I had hot flashes. I would suddenly get dizzy and seem blind. I would get faint and have no strength."

"My nerves were on edge. I would not sleep at night."

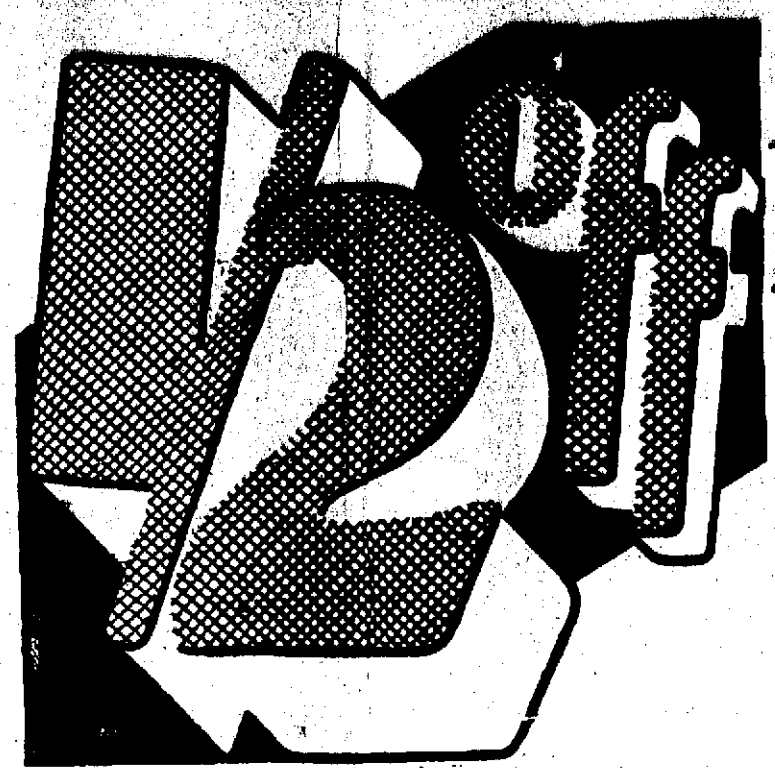

"Cardui did wonders for me. I recommend it to all women who are passing through the critical period of change. I have found it a fine medicine."

For many, many years, women have been writing to the manufacturers of Cardui, telling how they have been helped by taking this well-known medicine. Their experience should encourage you, if in need of a medicine like Cardui. Get a bottle, today.
